March 2022

Dear Parent,

We write with regards to widely broadcasted news about Cost of Living Increase through the UK and we do appreciate just how difficult with all the pricing increase it can be. This has hit every person in the UK.

We as a school have also experienced major inflation on food and other costs associated with our operation. Unfortunately, as high levels of transmission remain and uncertainties within worldwide supply chains continue, we are not through this yet.

We have been working very hard with our suppliers to ensure we adhere to the food standards guidelines and maintain great quality and nutrition in our food, relentlessly continuing to work in the background.

The school has been providing food and hot meals to our pupils at the school expense and with substantial financial peril. The school can no longer sustain the global price increases experienced since September last year. We therefore have no option but to increase our tariffs in our school between 5p to 10p, something we really do not like to do.

Please find attached herewith the price list.

We fully understand these types of communication are never welcome, however, I hope you understand this decision has not been taken lightly but is a necessity within the current climate.

Yours sincerely

Candy Hanley
CFO / Business Manager

Encl.

Head Teacher: Ms Angela Wallace
