

Mulberry Academy Woodside (KS3 French) Curriculum Overview 2023 - 2024

Curriculum intent statement:

“If you talk to a man in a language he understands, that goes to his head. If you talk to him in his own language, that goes to his heart.”

Nelson Mandela

In Modern Languages our aim is to create a personalised curriculum in which pupils develop:

- their love of language learning
- an appreciation of other cultures
- resilience in order to learn how to learn

Students will build their linguistic knowledge and skills in an enriching and supportive environment. Through the study of grammar each child will learn how a language works, while music, film and ICT based learning will make for an enjoyable and engaging language learning experience. In turn, this will provide a platform for them to develop into able lifelong linguists and succeed in whatever they aspire to do.

Pupils will acquire the foundations of language learning (building a bank of key vocabulary, verbs, grammar and linguistic concepts) to be able to share their personal ideas on a range of key topics and to communicate with a native speaker of French/Spanish.
